

K-Love enriches my life and the lives of others around me. I teach high school and, while I love my job, the kids take my energy and patience at least 10 hours of everyday. I listen to K-Love to fill my heart and my life so that I am a better person, Christian, to those around me. When I do not have the strength, this station aids me in my everyday life. Besides just me, this station delivers the word of God to countless people on a daily basis. Our lives are filled with endless errands and some people do not visit Church, visit in the Christian community and share in the Christian faith. This radio station enables the word of God to be delivered to those people who might not hear it elsewhere. This station truly lifts my spirit and fills my soul. My daily life, attitude and spirit would falter without this encourageing station. Please allow God's word to continue to touch, influence and change lives by leaving the station as it is, accessible to all. Thank you.
